# LOGY Conference 2022

*Time to be confirmed - at Clarion Hotel Helsinki & Virtual Conference*

LOGY Conference is organized annually - it is a popular and anticipated international event that has a lot to offer to all actors involved in management of business, SCM, sourcing, intralogistics and material handling, transport and logistics.

LOGY Conference gathers together almost 800 participants. It is one of the most important platforms, a place to up-date your information on current questions and to meet with other professionals and trend-setters of this field. Over 75% of the participants in 2018 represented director and managerial positions.
